Importance: Low

This works for us. We are happy to accommodate those traveling from elsewhere. Donn and Gary – if that works, let me know asap so I can look into the rooms. Also, let me know of your decision about the location of the place. The members seemed to indicate a preference for HGAC. I think we will get a better in-person attendance from those in the area.

Subject: Public Information Meeting Date - San Jacinto River Waste Pits

Donn:

Regarding the public meeting to be held in September at the Highlands Community Center, we request that the date for this meeting be set for the evening of Sept. 21. This would coincide with the Community Awareness Committee already scheduled for earlier that day.

Scheduling both meetings for the same date would be ideal in that it would enable smoother travel schedules and other efficiencies for those involved in both functions.

Others may have already made this request but I wanted to be sure to ask you directly as well. Thank you in advance for consideration by the Agency.

Best regards.

K.
